## RULES UPDATES AND REVISIONS 1

### New Rules

#### **Searching People**

There is now a minimum time limit for looting corpses. Players must take a minimum of 30 seconds to search the body before removing the contents of the Monster Pouch. This 30 seconds may include disarming a trap in the monster pouch if detected.

Rogue 2 reduces the searching time to 20 seconds

Rogue 3 reduces the searching time to 10 seconds

### Revised Rules

#### **Wilderness Lore and Rogue Skills**

During character creation, you can no longer take both Wilderness Lore and Rogue skills. You may take the skill after character creation, but you will need to be taught by someone who has the skill. This does not affect players who already have both skills.

#### **Through**

The cost of the Level 2 and 3 skills have been reduced slightly. In addition, the Level 3 skill "Fatal" has been updated so that it may be performed once per level of strength per encounter instead of just once per encounter.

#### **Disarm**

The cost of the Level 2 and 3 skills have been reduced slightly. In addition, the Level 3 skill has been updated to include immunity from Disarm.

### Removed Rules

#### **Pink Slip System**

The "Pink Slip" system by which PvP in game is authorised has been removed. Players are reminded that this is still a PvE game, but the requirement to ask permission for PvP has been removed as it is no longer needed. As characters have agreed to abide by the Laws even when under contract (this will be added as a Byelaw of the Mark of Corley), there is no longer a requirement to control this aspect of the game.

However, this is not an invitation to introduce a heavy PvP element into the game and the referees will continue to monitor the situation. Should this become a problem, the Pink Slip system will be brought back.

### Updated Information

#### **Stats**

Information has been added to clarify the purpose of the table in the stats section. The table has been updated to include the level costs.
